

Get Cover Art

Cover Art / Pictures can be retrieved via [Tag Edit Control]the Tag Edit Control.

The screenshot shows the 'Tag Edit Control' interface for the file '0101 - No More Walks In The Wood.mp3'. The 'Pictures' tab is selected, displaying the following elements:

- Buttons:** 'Apply', 'Previous File', 'Next File', 'Get from File', 'Get from Internet', 'Remove Picture', 'Export Picture'.
- Fields:** 'Descriptor' (cover.jpg), 'Picture Type' (FrontCover).
- Table:** A table with columns 'Description' and 'Picture Type' containing one entry: 'cover.jpg' and 'FrontCover'.
- Preview:** A thumbnail of the album cover for 'EAGLES'.
- Checkbox:** 'Remove Existing Pictures First' (unchecked).

Multiple different Picture Types, like FrontCover, BackCover, etc. may be attached to a file. Picture can be retrieved from a File or from the Internet. Currently only Amazon is used as a source.

Another way to retrieve Cover Art is selecting files from the TRacks grid and then use the Ribbon Button or the Keyboard Shortcut (Ctrl+B).
