

Sort Options

Choose your sort options by using the Sort Button on the menu in most windows.

The sort button contains an arrow button on the right to toggle between ascending and descending sort order.

Press the **Sort by:** button to select sort options as in the Video Sort: by options below:

The sort options will vary depending on the feature or extension you are using.

You may exit the window by using the back or  key, or by pressing the exit button (X in top right).
