

# Playlist Layout

The Playlist layout is a special list layout available only when viewing video or music playlists. In Music playlists the layout displays the artist and track name as well as the duration or length of the track.

The screenshot shows a music playlist interface with a dark blue background. On the left, there is a vertical navigation bar with a blue arrow pointing left. Below it is a square album cover for 'Frou Frou - Breathe In'. To the right of the cover, the text 'Info: Frou Frou - Breathe In 4:28' is displayed. The main area of the screen is a list of tracks. Each track entry includes a small album cover icon, the track name, the duration, and three control icons: an up arrow, a down arrow, and an 'X' for removal. The track 'Frou Frou - Breathe In' is highlighted with a white bar. At the top right, the date and time 'Sun 15 Jan | 1:20 PM' are shown, along with '17/42 Music/playlist' and 'Duration 50:53'. At the bottom right, there is a '2/4' indicator with up and down arrows.
