

1.3.0 to 1.4.0

Plugin Related Changes

The following changes, which affect plugins, were done between MediaPortal Release 1.3.0 and 1.4.0.

See also: Changes between previous MediaPortal Versions:

- [1.1.0 to 1.2.0](#)
- [1.0.1 to 1.1.0](#)
- [1.2.0 to 1.3.0](#)
- [1.5.0 to 1.6.0](#)
- [1.6.0 to 1.7.0](#)
- [1.7.0 to 1.7.1](#)

Show: All Items Required Bugfixes Features Alpha Beta Release Candidates Final || Change || Type || Release || Required ||

Compatibility Subsystems	bugfix	1.4.0	yes
Recorded TV Thumbnails	feature	1.4.0	yes
Comskip / Chapter Markers for Video Plugins	feature	1.4.0	

Skin changes that are relevant for plugin developers also:

Plugin developers should also be aware of skin changes particularly when creating Default Skin files, which are required for all plugins. Please see [Skin Related Changes](#) - in particular [1.3.0 to 1.4.0](#) changes:

The following Skin related changes apply mainly to the skinning section of MediaPortal but have been 'tagged' by developers as relevant for plugin developers as well:

- ['Disable LiveTV dialog' Skin setting](#)
- [Togglebutton removed](#)
